

Yue Chun Hei (Ason)

Taipei, Taiwan | +886 929-031-542 | ason06057@gmail.com | <https://asonyue.com>

QA Engineer specializing in FinTech platform testing — web/mobile, API mocking, and backend validation.

Work Experiences

Quality Assurance Engineer • Hytech, Taiwan

- Performed function and regression testing across web and mobile platforms for payment modules (deposit, withdraw, transfer) across multiple sub-brands and regulatory environments (e.g. VFSC2, ASIC, FCA).
- Conducted integration testing across interdependent modules (e.g. CRM, SRC, and Anti-Fraud; Account and Activity) to validate cross-module data consistency and business logic.
- Validated backend transaction logic via SQL/OpenSearch log analysis, used AI-assisted test design with JaCoCo to close coverage gaps, and collaborated daily with PMs, developers, and QA teams across Malaysia, China, and Taiwan.

August 2025 ~ Now • 1y 1m

Cyber Security Consultant Intern • SYSTEX Corporation, Taiwan

- Collaborated with senior consultants to deliver Zero Trust Maturity Model (ZTMM) assessments for clients accross banking, restaurant and manufacturing sectors.
- Transformed a manual Excel-based ZTMM assessment process into formula-driven templates, then co-developed a Python-based system to further automate scoring and reporting.

February 2025 ~ June 2025 • 5m

Language Tutor & Student Ambassador • Temple University, US

- Supported academic writing and spoken communication for local and international students; later represented the Student Success Center as campus ambassador.

August 2023 ~ May 2024 • 10m

Education

2021 - 2025 GPA 3.8/4.0

Tamkang University, Taiwan

B.S. Computer Science & Info. Engineering

2023 - 2024 Full scholarship recipient

Temple University, US

Incoming Exchange Program

Skills

Testing: Functional, Regression, Integration, Smoke, Manual, API

Tools: Postman, Charles Proxy, Selenium, MySQL, OpenSearch, JaCoCo for Test Coverage Analysis, Jira for Project & Bug Tracking

Scripting : Python, JavaScript (basic)
